“ I know Dr. A. C. Rao President, Spartan Health Sciences University for the last four decades as we were colleagues for some time, we both are the founders of TANA and Hindu temple society in Flushing, New York.

Dr. Rao is a well-reputed surgeon in USA, a greater human being and a great administrator. He has got the passion of creating doctors. I congratulate him for being the President of Spartan Health Sciences University. 1000's of Dr.Rao's students are doing their medical practice in America now. I have encouraged him in recruiting students from India.

They are all very happy with their stint in the Spartan Health Sciences. I advise all the prospective students to take the opportunity of getting into medical school which is under the expert leadership of Dr. A. C. Rao who is a visionary in promoting noble mission of medical education.

Dr. Kakarla Subba Rao was an Indian radiologist who served as the first director of Nizam's Institute of Medical Sciences, Hyderabad. For his contributions to the field of medicine, Rao was conferred Padma Shri in 2000, the fourth highest civilian award by the Government of India.

Testimonial in early 2020.

My Dear Budding upcoming Healthcare Professionals & Experts

At the very onset, it gives me immense joy to extend my warm greetings and wishes on behalf of Spartan University of Health Sciences to all.

We at Spartan have been not just the pioneer but also the frontrunner when it comes to establishing ourselves as the best college for MBBS in the St.Lucia and it is our attention-to-detail that enables us to go beyond the usual standards of Quality Education. It is also the incessant commitment of our faculty, staff and everyone involved with Spartan that makes it not only one of the Top Colleges for MBBS in the Caribbean.

A student or an aspirant not only enrolls into a course at Spartan but undertakes a journey of experiential learning integrated with cutting edge technologies for absolute understanding. We not only strive to build a prolific career for every student that matches their ambitions but also build a personality for them to inspire and motivate others.

I take this opportunity to welcome all my students in their pursuit of a highly rewarding yet a noble career path and extend my heartiest congratulations and unwavering support for their complete welfare with a promise that we will serve our communities with better healthcare knowledge and responsible actions.

May you all shine through in the days to come.

Mr. Sateesh Babu Garikapati

Chairman, SG Medical Academy

Vision

To motivate students to study with dedication, make their dream of becoming a doctor true and provide them with affordable and quality MBBS education.

Mission

To create a huge number of skilled doctors and fulfill the huge need of doctors in India and the world.

"I congratulate you on the choice of becoming a doctor which offers a combination of intellectual and moral interests found in no other profession".

I welcome students who wish to pursue quality medical education at Spartan Health Sciences University and we also wish your journey throughout is enriching and highly rewarding in shaping your noble careers as healthcare providers for the communities of various Nations and the world in the days to come.

SG MEDICAL ACADEMY (SGMA) is a premier consulting organization, dedicated in providing quality guidance to students who are aspiring to study MBBS and become a doctor. It was established in 1997 by a famous educationist and respected personality, Mr. Sateesh Babu Garikapati. He has chaired as South Asia Country Head and Head of Regional Offices for various International Colleges and Universities.

Serving students for over 25 years, SGMA has become India's No.1 medical education consultancy and has successfully produced thousands of Indian doctors. SGMA is an Exclusive Sole Representative in the whole of INDIA for SPARTAN HEALTH SCIENCES UNIVERSITY (SHSU). Our Core competence is pre-admission guidance to students and parents in meeting the admission requirements of the university. We assure the guidance in every step from getting the passport to finally coming out of the University with a degree. We are the pioneers to introduce educational opportunities to study MBBS in Central America for Indian students.

What do we do, that others don't do?

Other's job is done once a student gets admission whereas our job starts from pre-admission guidance till graduation and guidance after graduation as well. **We provide your child's performance report on monthly basis.**

SG will always be with you for guidance until you Graduate and even after graduation. ALL THE BEST.

Why is Spartan the Best Option ??

- Spartan is the only and best option for Indian students to study MBBS (MD) in today's scenario and this is the only university which has a strength to make the students to get into PG after the MBBS.

- » Highly qualified & dedicated Professors.
- » One To One, Professor-Student assistance.
- » Student To Student academic assistance (Smaer Program).
- » Quality education at affordable fee.
- » A very diverse student population.
- » A relaxing, tranquil & secure learning environment.

ABOUT SPARTAN

Spartan Program

The course is based on US Medical Curriculum and runs on trimester (04 months) basis - 03 trimesters/year.

This combined nine trimesters (36 months) comprehensive Pre & Para Clinical Subjects in St. Lucia the student will clear USMLE step -1 and final five trimesters (20 months) clinical experience in clinical sciences program offered with options either in St.Lucia or in USA or in India (Hyderabad) preparing students and make them eligible for Post Graduation (Residency) in USA.

The clinical rotation program consists of Twenty Months of modular rotations in all the major Departments of Internal Medicine, Surgery, Pediatrics, Obstetrics & Gynecology, Community Medicine, Orthopedics, Psychiatry, Ophthalmology, ENT, Dermatology and Clinical Skills Training.

This Twenty Months of Clinical rotations can be done in any one of the three countries like St. Lucia, USA, and India (Hyderabad) at our affiliated Hospitals.

Spacious student lounge, locker facility, clinic room, counseling facilities will be provided in the Spartan main campus, and take care of students individual needs and requirements.

Spartan Student Recreation Building is a multimillion dollar project aimed at student wellbeing. This unit provides well equipped Gym, Aerobics, and Yoga Club among other basic facilities including Lockers, Shower Rooms, Ping Pong tables, Pool Table and Student Lounge.

Outdoor Sporting facilities include Tennis court, Basketball Court, Volleyball Court, Cricket Ground and Football Ground. Whole facility is fenced and maintained by 24/7 security along with CCTV Surveillance.

Spacious library (6 AM to 12 midnight) with adequate books and online journals gives every student an opportunity to learn and progress.

Food & Accommodation

- As parents who have provided their children with the best homemade food and served with love, we continue that tradition by providing them with proper Indian food by our experienced Indian cooks. Healthy and Hygienic food is provided to the students at the hostel.
- Students stay in well-maintained and monitored hostels with 2 or 4 sharing A/C rooms. Boys and Girls have separate hostel buildings in and around the campus and are taken care by our Indian female and male wardens like their guardians.
- Dedicated hostel facilities are provided for Indian Students. In all, over 30 staff are assigned for the sole purpose of taking care of the students. Special Telugu food is prepared by highly skilled Telugu cook with the option of vegetarian and non-vegetarian dishes.
- Famous Indian festivals are celebrated throughout the year with great zeal and enthusiasm to make sure that they remember their culture and the students never feel that they are away from home.

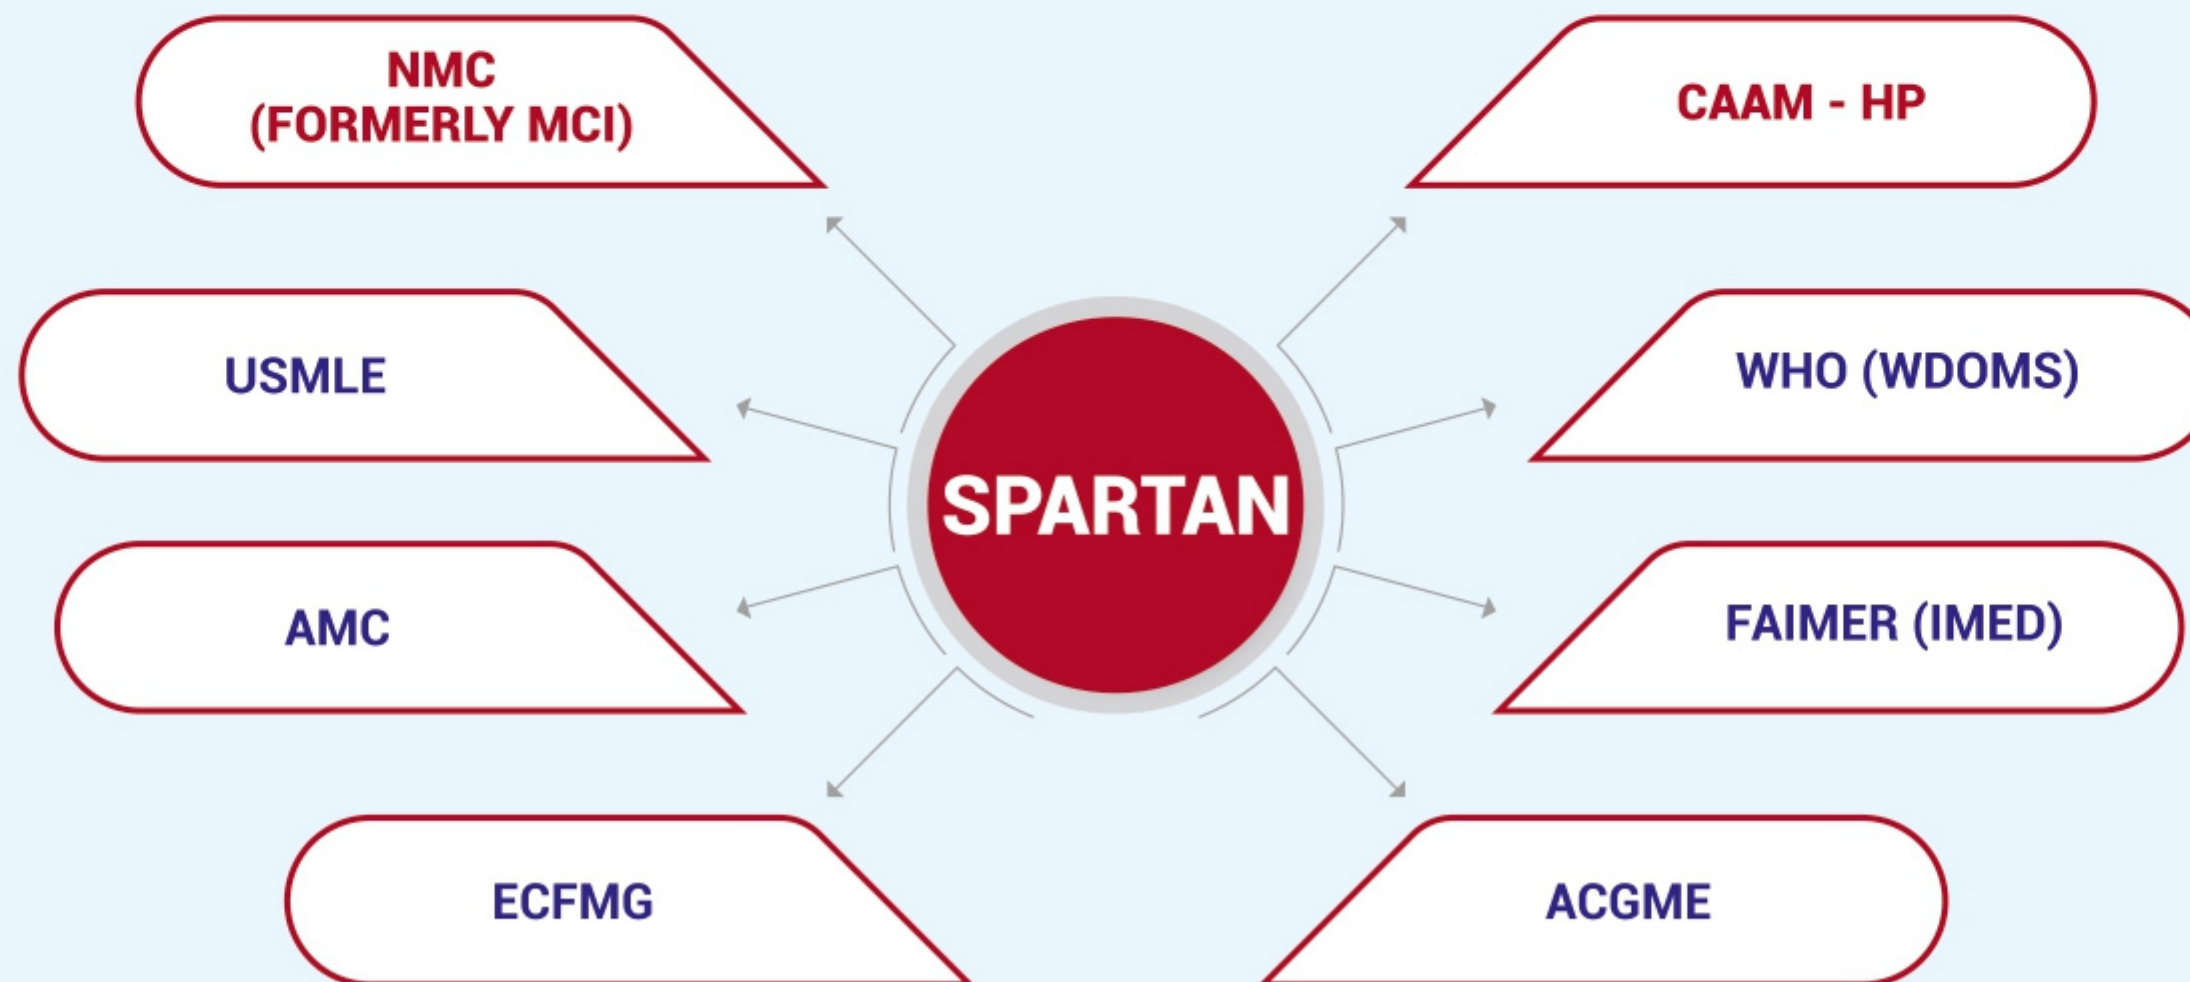

Accreditation

SPARTAN IS ACCREDITED BY

CAAM-HP Caribbean Accreditation Authority For Education In Medicine & Other Health Professions.

CAAM-HP is the biggest authority to give approval for high standard universities only.

The Spartan is a chartered licensed university and also accredited by the monitoring committee appointed by the government of St. Lucia to oversee Spartan standards.

America	Spartan
Required TOEFL / IELTS	Required for foreign students except Indian students
MCAT High Score Required	Required for foreign students except Indian students
2 years of clinical rotations in USA	Optional 20 months of clinical rotations in St. Lucia or USA or in India (Hyderabad)
Can practice in USA after passing licensure Exam	Can practice in USA after passing licensure Exam
Above 90% of graduates from medical school in USA would get PG/Residency in USA	Above 90% of graduates from Spartan would get PG - Residency in USA
Students get a stipend of minimum 45,000 USD/yr in residency in USA	Students get a stipend of minimum 45,000 USD/yr in residency in USA
Tuition Fees for 4.5 years MD program is above USD 1,50,000	Tuition Fees for 4.8 years MD program is USD 93,250 for Foreign students but for Indian students there is special merit scholarship Upto 50%
Minimum salary in USA after PG/Residency will be USD 200,000	Minimum salary in USA after PG/Residency will be USD 200,000

About USMLE

The United States Medical Licensing Examination (USMLE) is a three-step examination program for medical licensure and PG / Residency in the United States sponsored by the Federation of State Medical Boards and the National Board...

It is one of the toughest entrance exams to clear. In order to clear the USMLE you have to choose wisely when you are entering into MBBS College/University. Without the proper learning circumstances, methodological teaching, vast experienced professors, acute clinical rotations and live patient interaction it is impossible to clear even first step of USMLE.

- Spartan students receive extensive clinical training for the USMLE coaching from the day one.
- Spartan mode of teaching is in the English, making it easier for the students wishing to settle in America.
- Spartan follows the American standard of education, while it is favorable for the students to study PG in the USA.
- Spartan have other features like a 3D Anatomage table, plastinated models, and more for the progress of students.
- During the 4th and 5th years (last 20 months) of the course, students are provided with an intense clinical rotation program.
- Spartan has an affiliation with seven major hospitals around the world.
- For the real-time knowledge of the human body, Spartan has cadavers in its laboratory for better understanding.

Spartan is one of the best choices for the students to pursue MBBS as well as to study free PG in the USA. Spartan provides high-quality training for the students to clear the USMLE exam. The exam consists of three steps. For the students wishing to hold a green card in the USA, Spartan paves the way to achieve their goal. Spartan provides utmost details through its teaching by providing clinical training to its students for USMLE Coaching.

CAAM-HP AND ITS MISSION

The Caribbean Accreditation Authority for Education in Medicine and Other Health Professions (CAAM-HP) was established to ensure that medical and other degree granting health professional schools in participating countries are recognised to be of Best & High Standard at national, regional and international levels.

CAAM-HP has followed closely the standards used in the United Kingdom and North America with adaptations to the regional environment.

- Majority of the students studying in CAAM-HP accredited medical universities or medical school will clear the USMLE and do their residency (PG) in USA.
- CAAM-HP accreditation will be given only upon the thorough checking of the standards of that particular medical university or medical school.
- This accreditation of CAAM-HP shows the standard of the institution.
- Anyone can trust and blindly take the admission in any medical university or medical school which is accredited by the CAAM-HP.

Spartan health Sciences University is the first and best medical university in the entire Caribbean with CAAM-HP accreditation and also offering up to 50% merit scholarships for only Indian students for AY 2022-23.

Testimonials

“

My name is Dr Arnelle Anius. I am currently a house officer of the Obstetrics and Gynecology department at the Owen King EU Hospital in St Lucia. I attended the pre medical program at SHSU in 2012 before moving to and completing the basic sciences program. My time spent on the campus in Vieux Fort was amazing and I made several life long friends, some of which were like family to me during that time. It is important to note the genuine faculty and staff members who ensured my success during the program and beyond my departure from the campus in Vieux Fort. I did most of my medical rotations in Chicago at various upstanding hospitals and clinics. I graduated from SHSU with a degree of medicine in December 2018. The journey was turbulent however I would not change anything and I am forever grateful for deciding to pursue a career in medicine with SHSU.

..... **-Dr Arnelle Anius, Chicago** ”

“

I studied at Spartan Health Sciences University which helped me to crack all 3 steps of USMLE easily. Now I am doing my residency in USA. And the good thing is My sister is also studying in SHSU and she has already cleared her USMLE step 1 and is going to clear USMLE step 2 soon. SHSU will help you clear any licensure exam if you have dedication and determination. I WISH YOU ALL THE BEST.

..... **-Dr. Soujanya Adamala** ”

“

I m a practising doctor in Gorakhpur. My son R Prasanth Yadav who completed his 3 years of Pre and Para clinicals at SHSU and came to India for his 20 months of clinical Rotations at Medicity Hospitals in Hyderabad, because of the Highly Efficient Faculty and Highly Standard facilities My son is able to clear his USMLE step-1, now as soon as he complete his clinical rotations he will clear step-2 and go to USA for his Residency (PG), I am very much satisfied with SHSU and would like to recommend to whomever seeking their career in Health Profession especially in USA.

..... **Dr. R.S.YADAV (BHMS)** ”

“

I am a proud alumnus of Spartan Health Sciences University, a 2017 graduate, my experience at the University made me into a competitive candidate leading into residency and prepared me for the practice of evidence-based medicine. I want to give back to the University, as such, I would like to volunteer to teach a short course on common infectious diseases relevant for medical students in their 2nd year, who are preparing for USMLE Step 1. I am currently in the PGY-3 year of the Internal Medicine residency program at GBMC Towson, MD USA.

As an IMG Internal medicine resident, would be able to advise the medical students on the process of applying for residency and assist in any case reports or review article the medical students are currently pursuing. Not only me but my younger sister Navami guru also studied in SHSU and cleared her USMLE step 1 and getting ready to come to USA.

----- **-Dr. Siddartha Guru MD, Alumni ”**

“

I have completed 3 years of my Pre & Para clinical in St. Lucia. During that time I cleared USMLE Step -1 and came to India. Now I am doing my 20 months of clinicals in Medicity hospital, Hyderabad, India. Being a Telugu girl this is a wonderful opportunity for me to do my clinical in my home place. I strongly recommend SHSU to all those determined students who wish to become a successful Doctor.

----- **-Dr. G. Meghana ”**

“

I joined in Spartan in 2016. While I was in 3rd year, I cleared my USMLE step -1. I came to India to pursue my clinicals. Thanks to Medicity Hospital for the rich exposure which I got during my clinicals due to which it became easier for me to crack USMLE step -2. After that I went to USA and cleared my USMLE step – 3 and presently I am doing my residency in Chicago, USA. The success secret behind this is **Spartan and Medicity hospital**. Especially the clinicals I had in Medicity helped me to crack 3rd step.

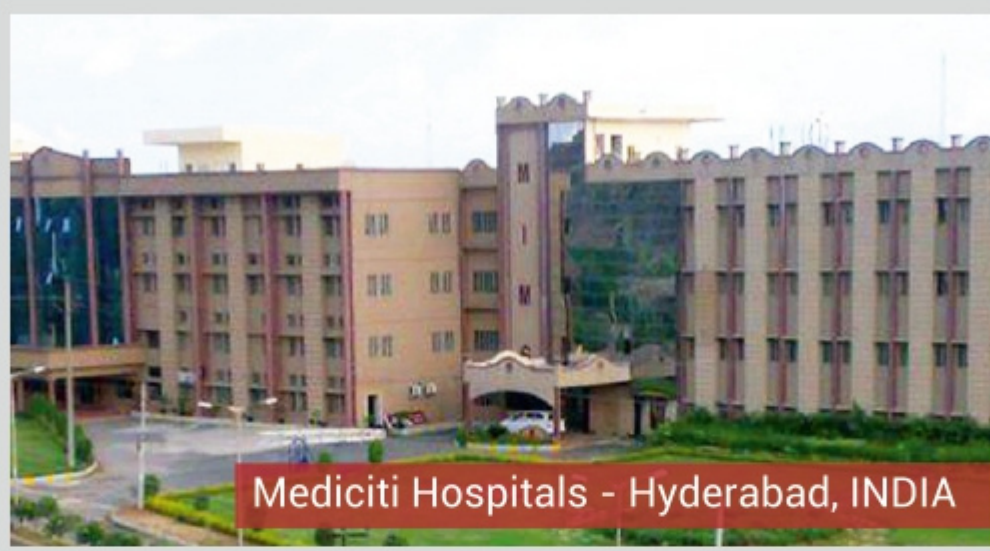

----- **-Dr. Vasudev Murthy, USA ”**

“

I am Dr. M.V Subba Rao, Principal, Medicity Institute Of Medical Science, Hyderabad. We have collaboration with Spartan Health Sciences University, St.Lucia. Students of SHSU will come to us for 20 months of clinical rotations in all major departments. I have noticed that all the students coming from Spartan are clearing the USMLE step -1 while they are in St. Lucia before they come to us. Spartan students are very bright and perform very well in the clinical as well.

----- **-Dr. M.V Subba Rao, Principal ”**
