TASHKENT PEDIATRIC MEDICAL INSTITUTE

MESSAGE FROM RECTOR OF TPMA

Dear friends!

Today our institute is the only and leading medical university in the Central Asian region for the training of pediatricians.

By entering our institute, you will have a great opportunity to meet people who will be your lifelong friends, exchange views with medical professionals and explore the industry under the guidance of the most famous scientists and doctors of Uzbekistan.

While studying at our institute, you will be able to acquire the knowledge and skills necessary to achieve success in the field of medicine, regardless of where you will conduct your business in the future. We believe that this is the best investment in your future.

If you visit our institute, you will have the opportunity to study with the best students from Uzbekistan and around the world. Deep knowledge of the necessary skills, creativity and high qualifications of our students make them in demand among employers.

TashPMI is one of the best medical universities in Uzbekistan, which for about 50 years has been working on solving medical problems facing humanity. Our teachers not only teach modern knowledge, but they are also industry leaders, make new discoveries and make a positive contribution to the development of medicine around the world.

We are looking forward to each of you within the walls of the Tashkent Pediatric Medical Institute.

BOTIR TURGUNPULATOVICH

The rector of
Tashkent Pediatric Medical Academy

MESSAGE FROM THE CHAIRMAN

MESSAGE FROM THE CHAIRMAN

Warm Welcome....

"I congratulate you on the choice of becoming a doctor which offers a combination of intellectual and moral interests found in no other profession."

You have chosen a very noble profession and I would like to see you becoming a top doctor in India or any part of the world.

Your motive should be not only to treat the disease but also to treat the patient mentally and psychologically. Your words and way of handling the patient should cure patient's disease from his thoughts. Then it will be easier for you to treat the disease of the patient.

Always remember, humanity comes first. After God, Doctor is the one to save a life. Study well and become saviours in future. My best wishes are always with you for your success.

SG will always be with you for guidance until you graduate and even after graduation.

All the best!

Mr. SATEESH GARIKAPATI

Chairman SG Group

ABOUT SG CONSULTANCY

SG Consultancy with its vision to give best opportunities for the students to study MBBS abroad and has successfully graduated more than 5000 students to become successful doctors were recognised and rewarded by the honorable governor of Telangana Ms. Tamlisai Soundararajan in the year 2022.

Tashkent Pediatric Medical Institute (TPMI), established in 1972, is a premier state medical university in Uzbekistan specializing in pediatric and general medical education. Over the past five decades, TPMI has trained more than 29,500 highly qualified doctors and pediatricians, significantly contributing to healthcare in Central Asia.

TPMI offers a comprehensive 6-year MBBS program, which includes 5 years of academic study followed by a 1-year internship. The curriculum encompasses a wide range of subjects, including:

Anatomy, Physiology, Pharmacology, Pediatrics, Internal Medicine, Surgery, Obstetrics & Gynecology, Emergency Medicine. Neurology & Psychiatry, ENT, Cardiology, Psychology.

TPMI stands out as a leading institution for medical education in general medicine and pediatrics, offering affordable tuition, internationally recognized degrees, and a robust curriculum designed to produce skilled healthcare professionals. Its commitment to practical training, research, and a supportive learning environment makes it an excellent choice for aspiring medical students.

Facilities & Student Life

TPMI boasts modern infrastructure, including:

- State-of-the-art classrooms and laboratories.
- Advanced research centers.
- Affiliated hospitals for clinical training.
- Comfortable hostel accommodations with dining facilities.
- Sports and recreational amenities.

The institute fosters a multicultural environment, attracting students from various countries, and emphasizes practical training and research opportunities.

Clinical Training: Students gain hands-on experience through clinical training in hospitals, enhancing their practical skills in patient care.

Language of Instruction: For international students, the medium of instruction is English, facilitating a comfortable learning environment.

International Recognition

TPMI's degrees are recognized by major global organizations, including:

World Health Organization (WHO)
National Medical Commission (NMC) of India
UNESCO

This recognition enables graduates to pursue licensing exams such as FMGE/NEXT (India), USMLE (USA), and PLAB (UK), and to practice medicine internationally.

TPMI collaborates with renowned institutions such as Harvard Medical School and the University of Tokyo for research and faculty exchange programs, fostering a global perspective in medical education.

Indian Food, Every Day

Delicious and hygienic home-style meals prepared by Andhra cooks. Both veg and non-veg options, just like back home.

Cultural Comfort

Celebrate Indian festivals, speak your language, and live among fellow telugu students. It's a familiar environment that feels like family.

Furnishings and Amenities

Basic Furniture: Bed, mattress, study table, chair, and wardrobe are standard.

Wi-Fi Access: High-speed internet is typically available in rooms and common areas.

Air Conditioning/Heating: Depending on the region's climate, hostels are equipped with temperature control systems.

Laundry Facilities: Washing machines and dryers may be provided.
